Foreword

As you look back upon your 1970-1971 school year at Ball High School, it may seem like a maze to you. Even as you look at this Purple Quill, the events may seem to form an intricate pattern of a labyrinth. But, if you look more closely at the year 1970-1971 as we put it on paper in this Purple Quill, you must remember:

"Man is spiritually a long-sighted creature, and some of his most grievous errors are due to his failure to recognize that fact. He sees most clearly at a distance; a too-near look at a multiplicity of details confuses him. He must get away from that which he would judge in order to see it in its true perspective. The charm of summer is perceived on a winter's day."

Dedication

This year the Purple Quill is dedicated to three past members of our faculty who devoted many years to the education of our students at Ball High School.

Their altruistic service to the faculty, the students and the administration renders them this recognition which is deservant to them.

Miss Bessie Burrows taught math at Ball High School for forty-one years and retired at age 64 after forty-four years of teaching.

Mr. Gerhard Bertschler was a physics and algebra teacher at Ball High for thirty-nine years. He retired at age 64 after forty years of teaching.

Mrs. Cornelia Dansby was an American history teacher at Ball High School for five years. She retired at age 63, after a total of ten years of teaching.

Introduction

1970-1971 at Ball High School was an amazing year indeed! Studies, social activities, student politics, new friends, old friends, sports, and the slow process of maturing all joined together to form a maze of decisions in each student's life. In the following pages of the 1970 1971 Purple Quill we will present the labyrinth of our school year.

Every year there are certain teachers at Ball High School who do quite a bit more than is required of them. This year the Purple Quill decided to give eight of these teachers the recognition that is due them by installing them as charter members in the Purple Quill Hall of Fame.

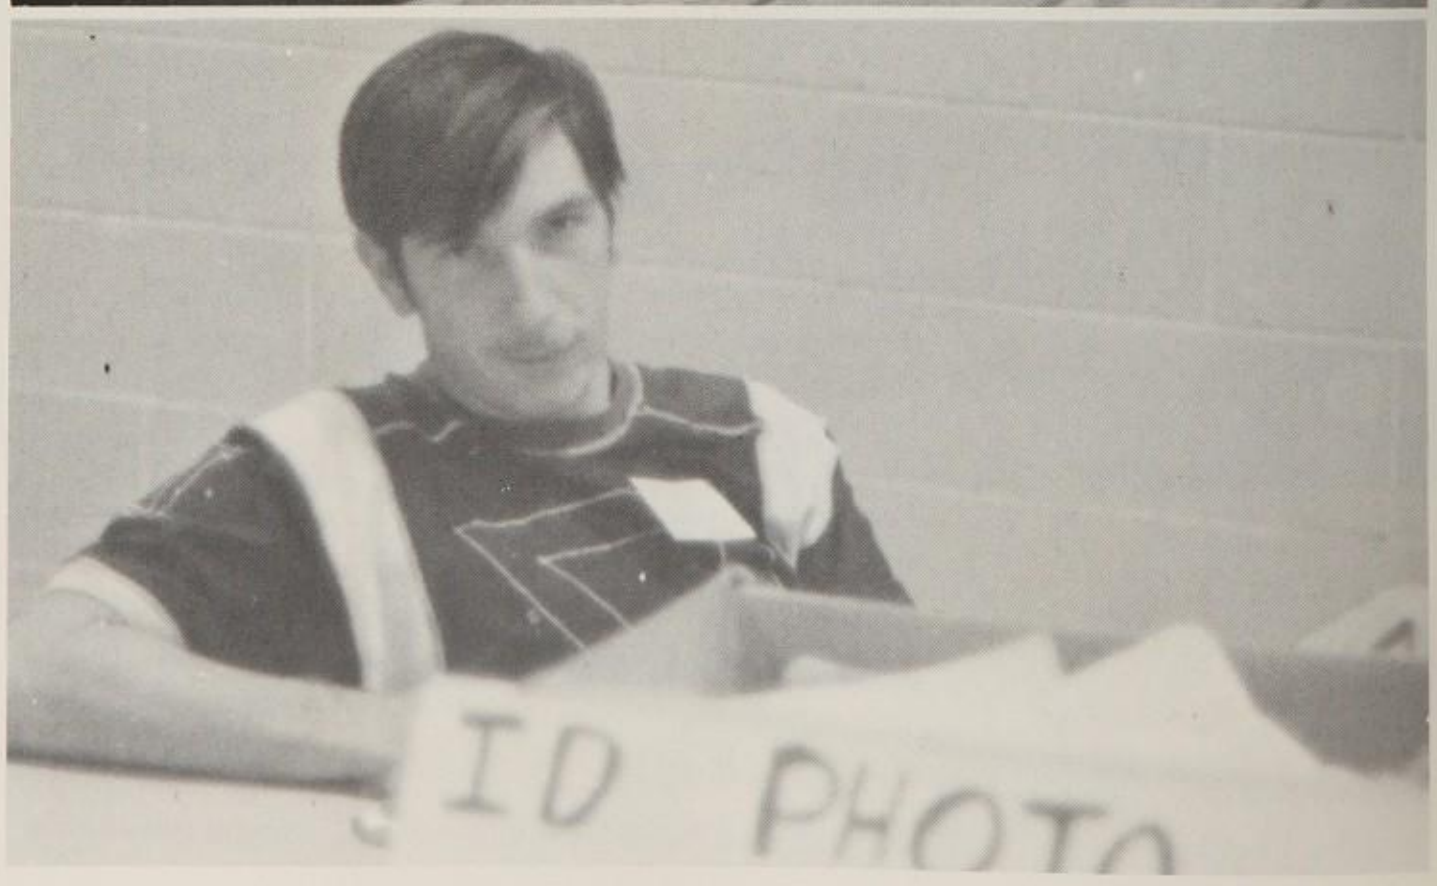
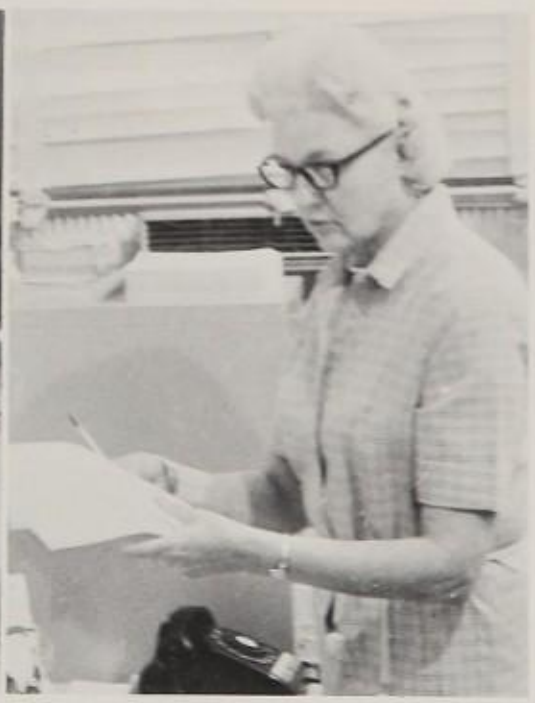
Registration

Registration at Ball High School was held several days prior to the actual school year of 1970-1971. At this time, a student received his I. D. card, his locker number and combination lock, a booklet of rules and information concerning the advancing school year, and his schedule. Drops, corrections, and additions could be made by the counselors who were there ready to help. Booths had been set up to exhibit the purposes of various clubs of the school. The lines were long, and patience was short, but eventually, registration ended and the official school year began.



First Week

THE FIRST WEEK of classes threw together a mass of students into two buildings since the portable buildings had not been completed until several weeks after school began. Students searched for study space in every possible place, including the North and South Gyms, Auditorium, and both Cafeterias. Various groups began practice in marching and dancing for football season while teachers and counselors greeted the new school year with a heavy sigh as they again sat down to a mountainous stack of papers and forms awaiting their immediate attention.



Homeroom Decorations

Homecoming at Ball High was also celebrated with the decorating of homerooms. Many rooms participated showing a variety of school spirit and prizes were given for the best three.

Pep Rallies

PEP RALLIES at Ball High were really a spectacle! Each Friday during the football season, cheerleaders jumped, the band played, students yelled, and football players leaned back, basking in the glory showered upon them. The administration had a difficult time deciding on a location for the Pep Rallies, so they tested several sites, such as the inner courtyard, the baseball field, and the North Gym. After exhausting all other possible sources, they finally decided that the Pep Rallies should return to the South Auditorium.

Homecoming Parade

On the last day of Homecoming Week, a parade was given as always to help boost the spirit of homecoming. A prize was given to the best float from the classes and organizations. The best decorated float picked by judges was the Senior Class of '72, and for best organization — the Choir float.

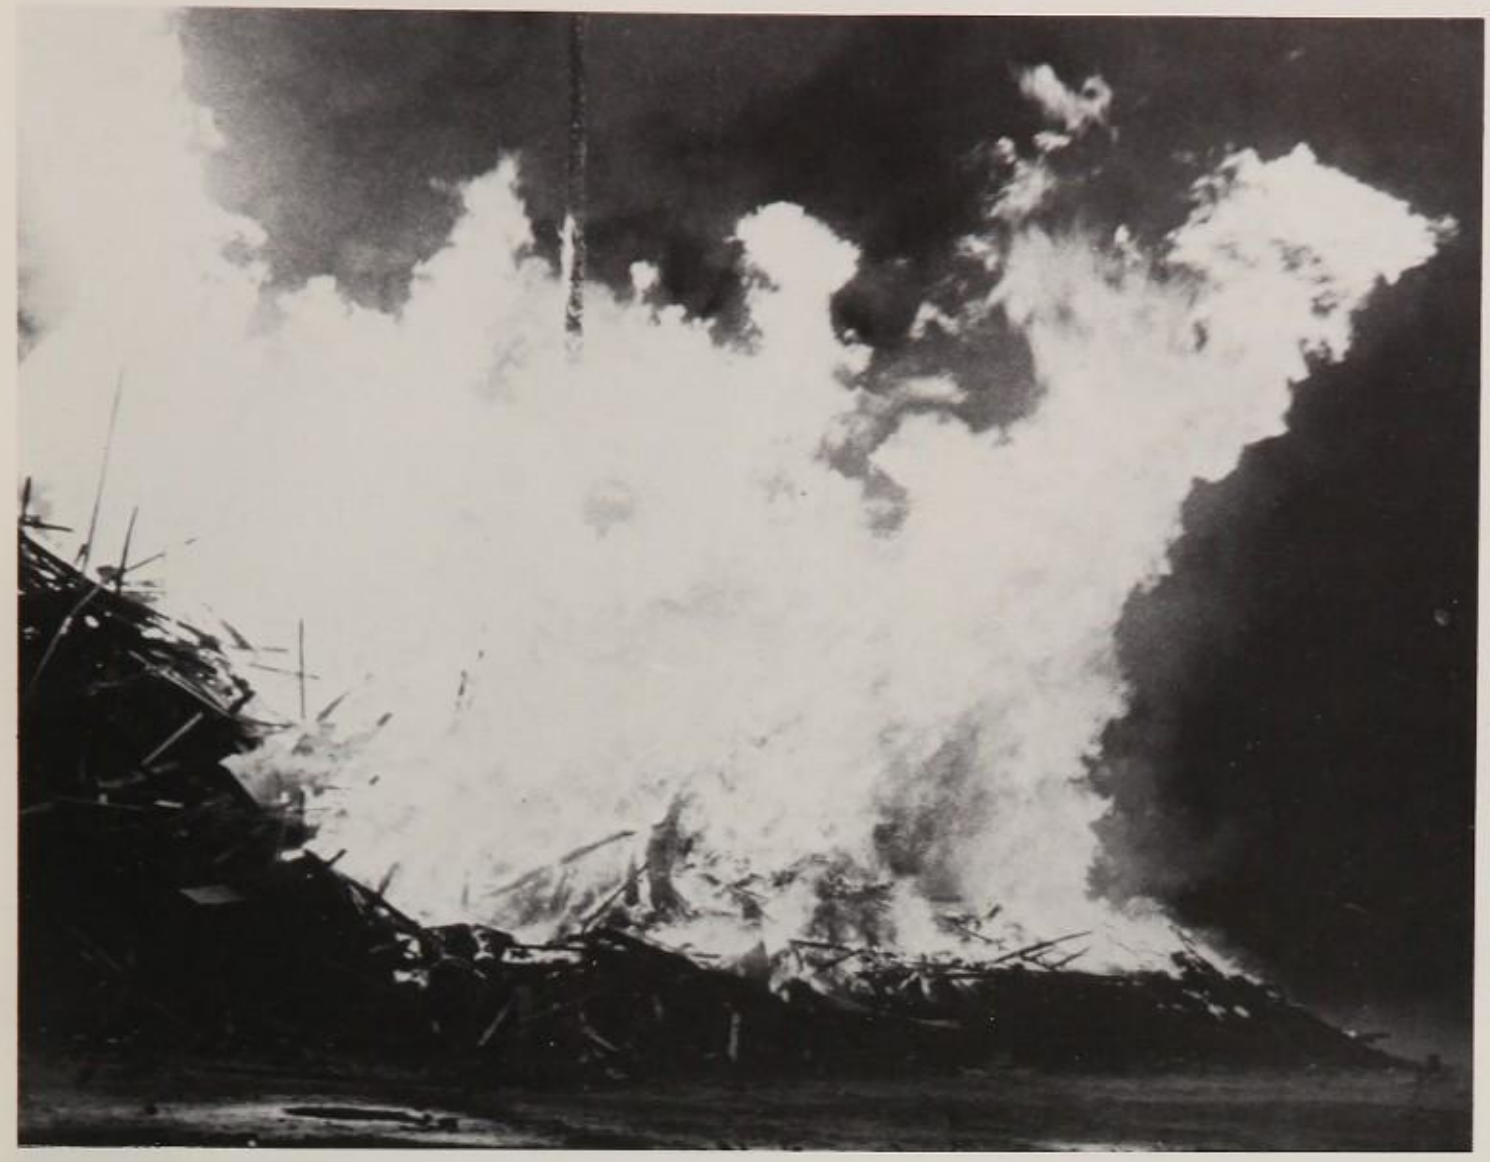
Homecoming Dance

To end the festivities of Homecoming, a dance was held by the Student Council in the Moody Center. Crystal Blue provided the music, and the individuals provided their own fun.

Bonfire



Ball High's annual bonfire was held October 23, 1971 on the East Beach Jetties. Dark clouds in the sky and sprinkles of rain made October 23 an undesirable night for a bonfire. Finally the rain stopped and the blaze began to burn making the bonfire a success.

Twerp Week

TWERP WEEK, the week before Christmas holidays, has been designated for a combination of goodwill and fun. The objective of Twerp Week is to collect canned food. The Student Council passed the goal they had set, and collected 4,400 cans. On Wednesday, the Student Council officers, principal and assistant principals, and cheerleaders were auctioned off for cans. To promote the drive, the Student Council set aside Thursday as "Hobo Day," on which the students dressed up as hobos. On Friday, all cans were sent to the School Store, where Mrs. Sterling's homeroom was awarded the $5.00 first prize for collecting the most cans of food. Mrs. Schaub's homeroom was second in the drive.

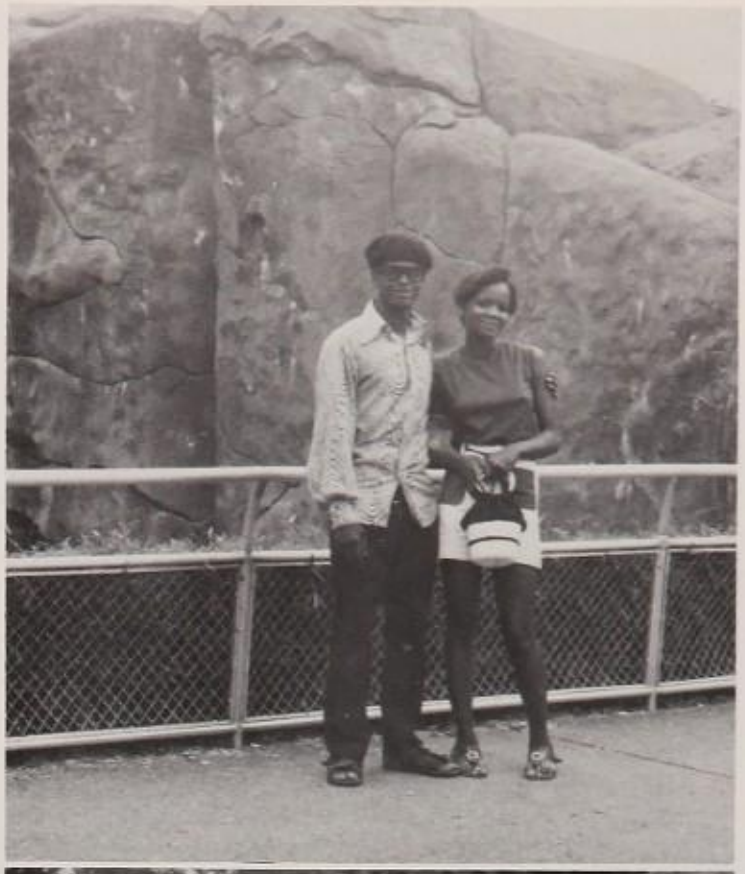
Senior Trip '71

On Saturday May 29, 1971 the Senior class left at 10:45 A.M. for the Senior Trip. Their first stop was Hermans Park where they visited the animals and ate picnic lunches. They then stopped at Astroworld, returning home at 2:00 P.M. after an enjoyable day.



On Wednesday, June 2, 1971, the Senior picnic was held at Jamaica Beach. Seniors swam, sunned and played from 10:00 A.M. until 3:00 P.M. Refreshments were served and the long awaited and frightening list of graduates was posted by Mr. Streiff, the principal.
